Don't act on [@jesse_brodkin](#) or [@Adrian_H](#) advice alone. Listen to [\\$sava](#) conference calls. Read this website. As I take in all the facts I am bullish on [\\$sava](#). [ad-science.org](#)

Jesse,Adrian... Qcm and you FUD buddies,
Are you guys in hurry to delete your tweets/pages and blocking others for asking questions?
Looks to me you are emotionally involved with your scheme. Are you crying?
Makes me feel good if you tell - still are short on SAVA and how much?

When I re-examined the paper, I can't see how those blots were not fake. Now [\\$SAVA](#) provided the "originals", and it all make a lot of sense. It's a 9-y old paper. J Neu really did not really bother do lots of digging.

At least your Twitter scientists were telling the truth that QCM was independent of your own researches.

Subject: Important communication regarding the Cassava campaign

Dear friends and investors,

Yesterday you read our announcement of our latest campaign regarding Cassava Sciences. Despite having a very strong thesis, we closed our position yesterday due to unexplained, extreme volatility and an anomalous price reaction. Since our positions are highly concentrated, my bias is always toward preserving capital and avoiding risk.

So you can feel reassured that we have no exposure at all as of yesterday with Cassava. Today the stock is gapping up on unexpected news, but at this point this has only academic interest for us.

A more thorough update will follow.

Sincerely,

Michela Raumer

You don't care that your partners in crime (literally) left you high and dry and covered their short positions a day after their report ??

Jesse brodkin

@jesse_brodkin · Nov 8, 2021

What crime?

Former President Nail

@Nail17268025 · Nov 8, 2021

Partners in crime is an idiom and does not imply actual criminal activity

Jesse brodkin

@jesse_brodkin · Nov 8, 2021

What is: "partners in crime (literally)"? 🤔

**JN_EIC** to me

We contacted Dr. Wang directly and were referred to a co-author.

**JN_EIC** to me

Cassava sent us the blots, so we communicated back to them after our investigation was complete.
